Product highlights

24 carat gold-plated connector
24 carat gold-plated connectors ensure the best signal quality for your components.

HDCP Compliant
High-bandwidth Digital Content Protection (HDCP) allows you to play protected content media such as movies and concerts. It checks the signal to prevent piracy, allowing only legal copies of content to display.

99.97% OFC solid conducter
99.97% Oxygen-free copper (OFC) cable core provides optimum signal quality.

100% aluminum shielding
This protective layer of aluminum guards against electromagnetic interference for improved signal quality.

Copper braided shielding
This protective layer of copper blocks radio frequency interference for improved signal quality.

Easy grip
This non-slip grip makes connecting your components easy and ergonomically comfortable.

Plug and play
Plug and play offers easy installation of components without time-consuming installations.

Heavy-duty brass shell
The heavy-duty brass shell protects the internal connection of the cable. It ensures durability and the reliability of your connection.

Super pliable jackets
Super pliable PVC jackets are abrasion-resistant for outstanding flexibility and protection against everyday wear and tear.
